

BRAZIL PEABERRY SAO FRANCISCO NATURAL PROCESSED

*Complex
Nutty - Sweet - Creamy*

São Francisco Coffee Farm is located in the municipality of Patrocinio Paulista, São Paulo Estate, 12.5 miles from the city of Franca, Alta Mogiana region. It was purchased in 1994 by Nilton Messias de Almeida, a retired Judge that loves the country land and coffee. The name Sao Francisco comes from a few life experiences in Mr. Nilton's family. First, his father's name is Francisco; second, he was born near the riverbanks of the São Francisco River and lastly the family's devotion to Saint Francis Assisi. The coffees produced at São Francisco Coffee Farm are UTZ certified. Also, São Francisco Coffee Farm is part of a select group of farms belonging to the Alta Mogiana Specialty Coffee association.

ALTA MOGIANA

Protected Geographical Indication - PGI
São Paulo - Brazil

With over 200 years of coffee history, the Mogiana is one of the most traditional coffee producing regions in Brazil.

Located in the northeastern of São Paulo state, the region has elevations between 900 and 1,000 meters, and an average annual temperature of 68 °F.

Much of their crops are small farms, with great infrastructure and easy access to new technologies, skilled labor and good roads that facilitate the production transport.
